Notes From the Prez

The Snowflake Seven Miler was a tremendous success! This was probably due more to the mild weather conditions that prevailed more than anything else. We had a total of 42 runners in the seven mile, 9 runners in the 2 mile and 5 walkers. There were a lot of new faces, besides the "hard core" of our normal group. A lot of thanks goes to Judy Downie, who gets our layout and printing needs done for our schedules and membership applications. Judy, who edits the newsletter for the South Park Runners, included our application forms and schedules in their monthly newsletter. They have close to 250 on their mailing list. Thanks Judy!

If we keep getting these types of crowds, we might be able to pay for our banquet next year! I am really good at spending other people's money. So when the club treasury is depleted I'll be impeached
